Between 1954-1960 there was a TV sitcom titled “*Father Knows Best*.” However, no one would probably dare suggest a TV show with that title today. And if they did, they would most likely be laughed into humiliation. In the show, Robert Montgomery plays the part of Jim Anderson and often gives wise and thoughtful

“The footsteps of a **wise man** are ordered by the **Lord!**”

Psalms 37:23

**By Muriel Robb**

My husband became an online student at the University of South Florida to study DEI - Diversity, Equity and Inclusion with the intent of earning a DEI degree.

The program included 7 areas of study

### **EMOTIONAL INTELLIGENCE**

Learn the key skill of leading diversity & inclusion. Introduction to self-awareness and empathy - core to diversity & inclusion leadership strategy.

### **STEREOTYPES & BIASES**

Understand how your brain works. Build more insightful awareness in the workplace around biases and systematic discrimination against any group of people.

### **UNDERSTAND YOUR ORGANIZATION**

Analyze your current organization's progress. Tools to analyze your organization's diversity & inclusion mission, as well as how to be aware of customers' or vendors' expectations for policies of diversity & inclusion.

### **FUTURE OF YOUR ORGANIZATION THROUGH DIVERSITY & INCLUSION**

Shift from awareness to action.

Shifting your mindset from understanding diversity & inclusion within & around you to creating action to a more diverse & inclusive workplace. Discover what diversity & inclusion can look like at your organization.

### **RECRUITMENT & RETENTION**

Diverse talent is key to an inclusive culture

Learn strategies to bring in diverse talent and retain your diverse workforce if or once it's established.

### **COMMUNITY OUTREACH**

Support diversity & inclusion both in & out of the organization

Support diversity & inclusion in the communities in which your organization operates to align with your CSR goals & employer branding.

### **SUSTAINABLE BUSINESS MODEL**

Build a diversity & inclusion future that will last

Design an all-encompassing sustainability model for ensuring diversity & inclusion is part of your organization's long-term focus. This program was designed for companies so they could create

- Higher Revenue
- Increased Innovation
- More Effective Decision-Making
- Higher Rates of Job Acceptance from More Qualified Candidates
- Better Performance than Competitors

The goal of this program is to help companies become more inclusive by imparting knowledge and developing tools to perform organizational self-assessment and plans for inclusive change.

## “Gay” Scouts of America

“Gay” Scouts of America, best known formerly as Boy Scouts of America invited advocates for the LGBT “community” to their National Jamboree held on July 19-28 in West Virginia. Membership in the scouting program has been in steady decline. The 2023 jamboree drew a weak attendance of 15,000, compared to 40,000 in 2011. A new diversity merit badge to qualify as an Eagle Scout has recently been introduced.

It appears the Scouts may have to remove the offensive “Morally Straight” line from its oath.

"On my honor, I will do my best, to do my duty, to God and my country, and to obey the Scout Law, to help other people at all times, to keep myself physically strong, mentally awake, and **morally straight.**"

## High School Boys are Trending Conservative

According to a report for The Hill (July 2023) teenage boys are beginning to move to the “right,” though still a minority. The report does not show a racial breakdown of this trend - but one could probably accurately suggest the greatest trend would be among whites. According to the report this conservative trend is mainly among boys and that young girls are continuing the liberal trend.

This may be the case but what we found interesting is that the report said that those young men **seemed reluctant** to express their conservative trend.

It may be considered sexist, but historically boys and men usually are more daring and take on more severe challenges in life. This could indicate that young girls and women are also trending conservative but are less likely to express themselves as such in a political climate that tells us that White people and our Christian values are racist.

## William Thomas is an Ugly “girl!”

William Thomas has been a devoted swimmer since he was 5-years

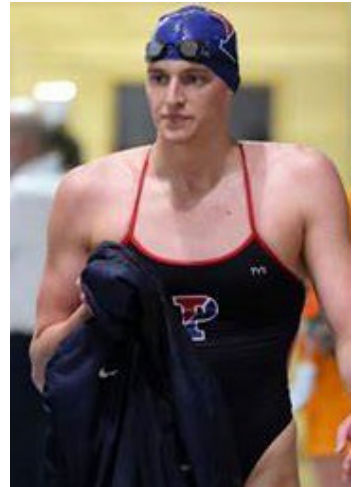

old, but wasn’t very good in competition against boys and men. In 2017 he enrolled at University of Pennsylvania and was a member of the men’s team. During his final years of High School he claimed he started to think he was a girl.

In May of 2019 he began “transitioning” from boy to girl. Of course we all know this is impossible because no surgery, medication, name change, putting on a frilly dress or singing Shania Twain’s 1999 hit song “Man! I Feel Like a Woman,” can change his chromosomes from XY to XX.

In 2021 he was allowed to joined the woman’s swim team. At 6’1” he immediately shot to stardom and won a NCAA Division I national championship.

However the joy of womanhood as a swimming champ may be coming to an end.

The NCAA (National Collegiate Athletic Association) voted for a new policy by an overwhelming 71.5 percent that would prohibit William from further competition in women

“Lea’s” pronouns are: She, Her, It and Freak! Also I “feel” like a woman he is still an XY - male.

forgot his other pronoun is weirdo.

Mayo Clinic doctor Michael Joyner and prominent physiologist Ross Tucker say William (with his XY chromosomes) has a biological edge over XX chromosomes women competitors.

Even though William wears pretty lipstick and has undergone “testosterone suppression” before joining the women’s team, Joyner and Tucker agree this does not reverse the impact of nearly 20 years of presumably normal male testosterone levels. According to Joyner, “Testosterone is the 800-pound gorilla,” (in the room).

## “Climate Change” is Just Hot Air

At a lecture given to guests of Quantum Korea in Seoul on June 26, 2023, esteemed Nobel Prize winner and physicist Dr. John Clauser stated “I don’t believe there is a *climate crisis.*”

Upon hearing this the heads of those who claim climate change will

See NEWS BRIEFS page 4

destroy the world before “I can get on my private jet.” looked like an exploding egg in a microwave.

Immediately the esteemed Doctor was accused of being a “climate change denier.” (These are people who are first cousins to Holocaust deniers.) For his simple observation and commitment to what he believes is scientific data there are efforts afloat to cancel his reputation and career.

One month after his appearance in Seoul he had an invitation to give a speech about the climate to a gathering of the *International Monetary Fund*.

His invitation was canceled.

But there are others who agree with Dr. Clauser. Meteorologist and founder of The Weather Channel, John Coleman, has also spoken out, stating that there is “no significant man-made global warming. Climate change is not happening. There is no significant man-made global warming now, there hasn’t been any in the past, and there’s no reason to expect any in the future.”

And in 2022, a study by *The European Physical Journal Plus* reported that there have actually been many unconfirmed claims about the apparent apocalyptic climate crisis in the media which have no scientific support!

This is just more evidence that those who want to scare you and control you with wild claims of climate change are just spouting off more hot air.

### Atheist Joins God’s Team!

(But only temporarily)

In a recent episode of his podcast “The Poetry of Reality,” renowned atheist Richard Dawkins stated it is “distinctly weird” and an “odd distortion of reality” to believe in the existence of more than two sexes, asserting that “Sex really is binary... You’re either male or female. And it’s absolutely clear.”

Also in a recent published article, *Why Biological Sex Matters*, July 26: 2023 Dawkins stated:

“It is now fashionable to use “gender” for what we might call fictive sex... Your genes and chromosomes may

determine your sex, but your gender is whatever floats your boat. ...Many of us know people who choose to identify with the sex opposite to their biological reality. It is polite and friendly to call them by the name and pronouns that they prefer. ...You have a right to your private lexicon, but you are not entitled to insist that we change our language to suit your whim.”

### Barack Obama’s Big Brother

Malik Obama is an older brother of the former president of the United States, Barack Obama. While Barack was president Malik visited the White House several times but they haven’t spoken in some time.

Malik is not a fan of Joe Biden and supports Donald Trump for president.

“I don’t get along with him,” Malik Obama said of his brother. “I think he’s a big disappointment to me because he’s not the same person that he used to be when we were together. It seems like once he became a big shot, it got to his head. And now he thinks that he’s god.”

### Dr. Werner Von Braun

Von Braun was director of NASA research and developer of the rocket which put America’s first space satellite into orbit. He may not have walked on the moon but he put man there.

In this modern world of ours many people seem to think that science has somehow made such religious ideas as immortality untimely or old fashioned. I think science has a real surprise for the skeptics. Science, for instance, tells us that nothing in nature, not even the tiniest particle, can disappear without a trace. Nature does not know extinction. All it knows is transformation. If God applies this fundamental principle to the most minute and insignificant parts of His universe, doesn’t it make sense to assume that He applies it to the masterpiece of His creation, the human soul?

about situations his kids are dealing with. Under today's standards the show would most likely be accused of promoting white nationalism, misogyny and authoritarianism.

Instead of fathers being admired they and men in general are accused of possessing toxic masculinity which make them a danger to society. Fathers are mocked and are often made to look irresponsible, irrelevant and a bumbling fool. Father diffidently doesn't know best - in fact father doesn't know any thing - father is an incompetent moron.

All of this has been promoted to separate us from the teachings of our forefathers. It's not just about our father but our FATHERS and the whole concept of western civilization is under attack. No educated person today would ever suggest that *Father knows best*. Of course it is not just father but parental authority and the nuclear family that is being undermined.

Until recent years the teachings of our forefathers (I include our mothers) was a bedrock of our country and the whole of Western Civilization. And the Bible was the foundation of those teachings.

The primary text book for schools beginning in the 1840s was McGuffey Readers prepared by two brothers, William and Alexander McGuffey who wanted to educated students while teaching the values of salvation, righteousness, and piety.

However, while keeping the same name, McGuffey Readers changed with the 1879 edition, when the McGuffey brothers no longer had editorial control. The change took place to make it more adaptable to the growing pluralistic society. The newer version had plenty of references to God but most references to Jesus Christ was removed. The McGuffey brothers neither contributed or approved of these changes. But even with those changes McGuffey Readers is still considered almost sacred manuscripts compared to the trash being taught in our schools today.

In a letter to his son, Alexander wrote: "*Remember*

*my dear son to read a portion of the Bible every day and do not forget daily to pray to God to keep you from the evil and to prepare you for the duty of life and for the hour of your death. Think of your mother and often ask yourself how **she would advise** and what she would think of any course you are about to pursue."*

About 120 million copies of McGuffey's Readers were sold between 1836 and 1960, placing its sales in a category with the Bible and Webster's Dictionary. They continue to sell at a rate of about 30,000 copies a year.

Unfortunately, because of television, magazines, pop culture and public schools, hatred for our fathers and mothers is accelerating everyday.

Even Christian Conservatives feel compelled to **slander our forefathers because of their racism**. They call it American's original sin. Our forefathers taught us by their example that America was a White Christian country. We are told by the current crop of Christian Conservatives that we are to respect the religion of these heathen and their worthless gods.

I suspect that Christians who tell us we must respect these worthless gods are fearful of their standing in the community. But the reality is that they are fearful, afraid and ashamed of the teaching of their fathers - even though they profess otherwise.

Rev 21:8 is pretty clear "**But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone."**

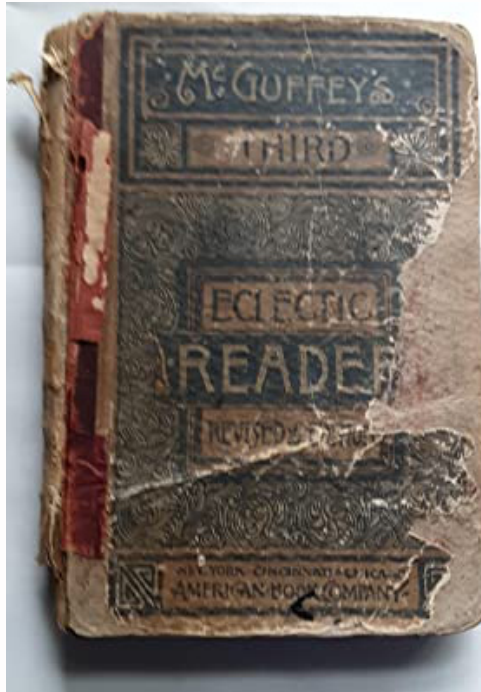

We are told in Ex 20:12 "*Honour thy father and thy mother: that thy days may be long upon the land.*"

This is the only commandment that gives an immediate blessing for its obedience. This honoring your father and mother is extremely important. "*My son, keep your father's command and do not forsake your mother's teaching.*" Proverbs 6:20

Until the 1960s, America was White Centered and Christ Centered. Because that was the teachings of our fathers and mother but we didn't Listen - We did not honor our fathers and mothers

*"Listen to your father, who gave you life..."*

Proverbs 23:22

*"A wise son heeds his father's instruction..."*

Proverbs 13:1

*"Listen, my sons, to a father's instruction; pay attention and gain understanding."* Proverbs 4:1

*"When I was a boy in my father's house, still tender, and an only child of my mother, he taught me and said, 'Lay hold of my words with all your heart; keep my commands and you will live. Get wisdom, get understanding; do*

*not forget my words or swerve from them."* Proverbs 4:3-5

Throughout Proverbs God teaches each and every son and

daughter listen to your father. Your father has things to tell you. He has things that you need to hear. Of course we also see in Scripture the value of a Christian mother.

Paul tells us that it was the faithful teachings of Timothy's mother and grandmother that gave him the spiritual foundation he needed for his life.

We as a nation, stopped listening to our fathers and mothers. In fact not only did we stop listening to them - we became ashamed of them.

In 1840 the United States Supreme Court stated, *"The colonist were all of the white race and all professed the Christian religion. . . If any person of a different color or professing a different religion had come into the colony, he would not, at that time, have been recognized as an equal by the colonists, or deemed of participating with them in the privileges of this community."*

Also in 1892 - after a lengthy supreme court opinion, they stated that there is *"a volume of unofficial declarations to the mass of organic utterances that this is a Christian nation."*

We were told in Proverbs to keep the laws of our father and the teachings of our mother. But we did neither. In fact - we are ashamed of the laws of our father and the teachings of our mother. Those laws and teaching preserved us as a nation and a people.

In Psalms 2: 1-3, *"Why do the heathen rage, and*

*the people imagine a vain thing? The kings of the earth set themselves, and the rulers take counsel together, against the LORD, and against his anointed, saying, Let us break their bands asunder, and cast away their cords from us."*

The reason they don't want you to honor the teachings of your fathers and mothers is because they are afraid. The heathen say, "Let us break their bands asunder and cast away their cords from us."

The Good News Translation says, *"Let us free ourselves from their rule, let us throw off their control."* And that is precisely why there is this growing hatred for Christianity. Because Christianity puts controls on their sin.

They claim that Donald Trump and his supporters are a threat to Democracy. Because they want to do any thing they want - they do not want restriction on their sin. Christianity says, NO to their sin. So they want to throw off our rule of righteousness. They don't want Christians to have any control in any positions of government.

They want you to keep your mouth shut. We are in the midst of a generational hatred of our Christian Faith. This spirit of anti-Christ has been around for a long time. John tells us *"And every spirit that confesseth not that Jesus Christ is come in the flesh is not of God: and this is that spirit of antichrist, whereof ye have heard that it should come; and even now already is it in the world."* 1 John 4:3

This evil spirit hates Jesus Christ, and therefore it hates all righteousness. It hates the white race - the children of the Abrahamic Covenant, that is why they want to genocide them through race-mixing.

They hate America because America was the political embodiment of the Christian faith. They hate the nuclear family. They hate all those things that are good and noble. They hate white women having white babies. They hate our little children and so they want to mutilate them with gender altering surgery and they hate the teachings of our fathers and our mothers.

Luke 15:11-20 *"A man had two sons. 12 The younger son told his father, 'I want my share of your estate now before you die.' So his father agreed to divide his wealth between his sons. 13 'A few days later this younger son packed all his belongings and moved to a distant land, and there he wasted all his*

money in wild living. 14 About the time his money ran out, a great famine swept over the land, and he began to starve. 15 He persuaded a local farmer to hire him, and the man sent him into his fields to feed the pigs. 16 The young man became so hungry that even the pods he was feeding the pigs looked good to him. But no one gave him anything. 17 "When he finally came to his senses, he said to himself, 'At home even the hired servants have food enough to spare, and here I am dying of hunger! 18 I will go home to my father and say, "Father, I have sinned against both heaven and you, 19 and I am no longer worthy of being called your son. Please take me on as a hired servant."' 20 "So he returned home to his father. Luke 15:11-20

*The wicked hate to see White Christian mothers having babies. And if they do, then the wicked want to sexually mutilate them with "trans gender" surgery.*

Stop and think - What would have happened to him if he didn't know how to go home. If he wanted to go home but didn't know the way. That is where America is today. Millions of people say America needs to get back to God.

Hundreds of thousands of preachers say we need to repent and get back to God. But here is the problem. The American people *don't know how to repent*. They don't know how to get back to God. They don't know how to go home.

The Prodigal son was eventually blessed and restored (adopted - Rom 9:4) into the family. But first he had to get home. Just knowing he was in a horrible situation wasn't enough. Just realizing he was better off when he was with his father, wasn't enough. Just wanting to go home wasn't enough - he had to actually go home. Just because million of Christians know American is swirling down the toilet, isn't enough. Just asking God to stop the swirl isn't enough. They have to go home. But they don't know how. The 5<sup>th</sup> commandment says to honor our fathers and mothers - that your days be long upon the land. Christians in America and other white nations also are under a curse. It isn't the enemies of our nation that are under a curse - we are losing our nation, we are losing our land and this is judgment because we have not obeyed the teachings of our fathers and mothers. Isaiah 14 shows us that Satan wants to be the universal law giver and we have been willing

to follow his new laws. We have obeyed the new law of Satan which tells us. "Thou shall not be a racist" and in doing so our nation began to fall under a curse. Meaning we were no longer White Centered, Then we began to accept the new Satanic law that says, America must be tolerant to other religions and allow them to have free reign in our country. So then we were no longer Christ Centered.

Our fathers really did know best! **END**

These young men joined in singing of the hymns at church. They sounded pretty good.

## You and I have a divine purpose!

But the enemies of Christ want to disconnect us from our purpose and from everything good, pure, righteous, and holy. They want us to think of ourselves as nothing more than a mindless **Zionist Zombie** in their new world order. That is why there is his unrelenting war against Jesus Christ and our Christian faith. Because, in Jesus there is a culture of life, victory and hope. But without Christ there is only hopelessness, despair and death!

# Be a MISSIONARY! For White Christian Revival! Order tracts for distribution!

**Has God Removed His blessings from America**

It certainly seems so. We hear of inflation, illegal aliens, anti-white Critical Race Theory (CRT), weakened economy and the confusion some have in determining how to tell the difference between a boy and a girl.

We are told that these are the problems Americans face.

But these are not the problems!

They are the curses we face for turning against God.

**But HOW have we Turned Against God?**

We stopped loving our God and stopped loving our people!

We have allowed millions of aliens into our country with their strange gods and they spreaded the Christian values which built America!

We are being replaced. Our once beautiful cities have become cities of the 3rd world. Our Christian culture has been debated. Our Christianism 28:43 told our ancient Israel ancestors that the aliens we see into our country will become the "seed" and we will become the "sa."

We see this where ever we look. White people are being replaced. A person of color can boast of their racial pride, but if a white person does it they are called racist!

**Easy Math**

Some say there are only 15 million (only!) illegal migrants in America. But others say there are as many as 30 million illegal migrants.

The US has a population of 332 million.

If there are 15 million migrants that would mean **one out of every 22** people you see on the streets are here illegally.

If the newer figures are accurate that would mean **one out of every 11** people you see on the streets are here illegally.

**America is being invaded!**  
And America is changing. The change is not good, and the children.

**Welcome Migrants!**

**Welcome to America!**

**The 3rd World invasion!**

If you think we are having trouble with these "minorities" now just wait until these "minorities" become the majority!  
**What will your children do?**  
**THAT is why we need Jesus!**

## 100 for only \$20

We need these tracts distributed by the thousands throughout the country. There are many people being sucked up into the **One World Church**. The One World Church has hijacked our very best nature - a nature of compassion - and have twisted it to take us to a very dark place that ends up in White Genocide. The One World Church is guilty of making evil "good" and good "evil."

These tracts can be left on counter tops, in stores, or rest rooms. **They are small and can be easily distributed without attracting attention to your self.** You can also simply mail a few out each week. You can order 50 of each for the same price.

The price includes postage, but if you are able to send a couple extra dollars to help on postage that would be helpful. The tract offers a free DVD to those who wish more information. Your tithe and contribution to the Church will help toward the production and mailing of these DVDs.

**Order MIGRANT TRACTS or REPLACEMENT TRACTS**

Caleb, Jason Robb's eldest son is shown here editing a recent Sunday morning church service that will be uploaded to YouTube, Bit Chute and Rumble. He took over this task about the first of July and is doing a wonderful job. It takes about 2 hours to completely edit the video. The video is taken off the mixer and put on a flash drive then uploaded to the editing computer.

If you have not taken the time to watch the weekly church sermons you are really missing out on some important information. We have just finished a 3 part series on the One World Church. Part 1 was titled: **It's the Same Thing**. Part 2 was titled: **The Covenant of Birth** and part 3 was titled: **I Never Knew You**.

You should be able to locate these by a search within the media platform for **Christian Revival Center Harrison AR**.

These are usually uploaded each Tuesday morning, but sometimes there is a delay until Wednesday. If you do not have a church that teaches a love for our people then you need to gather your family around the computer for church each week by watching the weekly sermon from the Christian Revival Center.

## DEI from page 2

On August 7, 2023 my husband received notification from Moez Limayem, Dean of the College of Business at the University of South Florida that he had passed all areas of study and was awarded the degree as shown.

### Here are a few of the things my husband said was prominent in all areas of study.

- 1) Inclusion does not apply to white Christian nationalists.
- 2) Everyone of any race, religion or sexual orientation are welcome and are to be respected.
- 3) White Christian nationalist would be advised to keep your mouth shut.
- 4) Companies are encouraged to seek out and promote non-whites in to all areas of management and leadership. This is important to create equity.
- 5) If you are white and want a promotion, it would be helpful if you could convince them you are a homosexual or perhaps a Satanist.
- 6) If you are a white woman it could be important for your job

security to make it known that you do not want children and for the sake of marginalize people and for humanity in general, if you should ever get pregnant you WILL have an abortion!

7) And last but really the FIRST! White people are guilty for everything! **END**

## Don't let the Government get it's hands on your estate!

If you do not have a properly prepared will - upon your death the government may seize all of your bank accounts and property.

Many people instruct their attorney to prepare a will that leave a portion to 1) children, 2) nieces and nephews, 3) a charity, or 4) a university.

1) While leaving your estate to children is noble and perhaps with a feeling of obligation: consider do they embrace White Christian Revival. Sometimes children are even anti-racist and WOKE. You need to reconsider.

2) The same can be said for nieces and nephews,

4) Leaving a portion of your estate to a charity is always a good idea. These are groups that care about the issues you care about. However, you still need to consider what the aims of the charity is beyond the advertisements. For example Mercy Hospital sounds wonderful but it primarily focuses on 3<sup>rd</sup> world countries and offer little (if any) benefit to the mission of White Christian Revival.

5) Leaving money to your Alma Mater (I don't care how good their football team is) is really a foolish gesture. These universities are the breeding ground for all the WOKE agenda plaguing us today.

If you would like to leave a portion of your estate to the *Christian Revival Center*, contact Pastor Robb at 870-427-3414 or you can call the law firm of Jason M. Robb at 870-743-2215 and he will prepare your *Last Will and Testament* at no charge to you or to the church. He will be able to handle this for you regardless of where you live. In other words, you do not have to be a resident of Arkansas.

If you already have your *Will* prepared by your own attorney, you can simply ask your attorney to add to it the *Christian Revival Center*. Jason Robb will be happy to provide proper information to your attorney.

Dear Pastor Robb:

I know I should have done it sooner, but I finally got around to watching your sermons on You Tube. The first one I watched was the sermon from Sunday, July 30. It was titled - The Same Thing! It was so interesting, I never even considered the One World Church the way you presented it. I watched it a second and then a third time. I asked my husband to watch it also. He was reluctant at first, but then he watched it again also. He kept saying, "I never thought of it that way!"

I am going to make a point to watch your sermons every week. Also, I will begin making contributions each week to your important ministry. Thank you!

Norma M / CA

Dear Pastor:

A few months ago you had an article in The Torch about Dietrich Bonhoeffer. I had heard about him and thought he must have been a great man of God. But then I read the article and learned more of his real nature and connections with communists and anti-nationalists. I came to the same conclusion as you did. If he were alive today he would be partnering with those who are anti-Trump, anti-Maga and anti-Christian nationalism.

It is a shame people are so easily deceived. Keep up the good work.

Jim A / MN

Pastor Robb:

I am so thankful for the work you do and for the encouragement you give. The article Jason wrote about the love and mercy of God for our people was outstanding. The passage in Psalms 136 which says the mercy of God "endureth for ever," is something we should remind ourselves of daily. Our people often wander away from God but His mercy is for ever and

His loving arms are always reaching out to us.

God bless you all. Enclosed is my monthly contribution to the church.

Dear Friends:

I so much wanted to come to the Faith & Freedom Conference in April but was unable. Some friends of mine did go and after I talked with them I was even more envious that I didn't go. I have made a determined decision to attend next April. I might even drive down to Harrison for church on some Sunday as I live only about 5 or 6 hours away. I understand you have services each Sunday at 11am.

Tim D / IL

Dear Pastor Robb:

I have started watching your church programs on You Tube and I believe they are fascinating. Enclosed is a contribution for your fine work and for a copy of your book Blood Trail and copy of Your Divine Purpose. I have read some of your other books and have enjoyed them all. Your writing style is simple and to the point - and sometimes even humorous. I love it!

James U / OH

Dear Revival Church:

I happened to land on your church You Yube channel. I have found it interesting and I am learning a lot. I have heard about this White People are Israel thing years ago. I didn't really understand it then, but I am beginning to understand it now. Thank you!

# Let the Lord be Your Guide!

By Muriel L. Robb

Don't focus on what is broken, sick or inadequate. Everyone goes through "stuff." You are not alone. But so often when things don't "go right" we mumble complaints to ourselves, we get angry at others and we have our pity party. These are normal reactions. We all have done it and there will be times when we will all do it again. But we need to keep our focus on The Lord.

He alone is the source of our strength and if we want strength to overcome the "stuff" we need to reach out to him.

There are "seasons" in our lives when things may not be working out the way we think they should. Those are the times when we need to draw close to the Lord, Those are the times when those songs of faith we heard or sang in church need to be rehearsed once again in our head and heart. We may not always remember the perfect Bible verse. But we can remember "What a Friend we Have in Jesus," or "It is Well With My Soul."

We need to give daily thanks to the Lord.

We need to take time to pause and refresh. James 1:3 tells us that the testing of our faith builds strength.

God gives us permission to claim joy during the seasons of hardship. We are told "Weeping may endure for the night but joy cometh in the morning." Psalms 30:5.

So often we are tempted to remain "Baby Christians" and fail to grasp the opportunity to grow and mature in Christ. After a while we need to move on and put the message we heard in sermons, prayers, testimony and songs to work. "Stuff" will happen but rather than complaining to God, we need to examine our lives. Are we faithful in prayer? Are we faithful in our living testimony? Are we faithful in our tithe? Are we faithful in our reading of the Scriptures? Being faithful in these things won't make the "stuff" go away, but it will make you strong. It will give you the ability to overcome!

Sometimes the "stuff" will happen and it gives us a reminder that if we want God to be faithful to us, we need to recommit ourselves to be faithful to Him. When we think we don't have time to read the Scriptures that is a message that we need to make time. If we think we can't live the testimony we know we

should, that is the Lord telling you that He will provide the strength. When we think we don't have enough to give to the work of the Lord, that is when the Lord is telling you all you have is from him. Too often we think we can cheat the Lord with our time, cheat the Lord with our lives and cheat the Lord with our tithe and then wonder why He is not blessing us.

Sometimes the "stuff" is our wake up call!

Don't allow yourself to be separated from the Lord. Satan will attempt to redirect your focus and break you. But you make the decision to allow this to happen.

Christianity is not for cowards. Especially in these evil and wicked times. We must be different than the world.

*"Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world." 1 John 2:15-16*

Remember strength comes from struggle. A baby gains strength when it struggles to crawl, stand, walk and run. But the baby that gives up will never be strong and will never stand.

Paul tells us in Ephesians 6:14-17

## Stand

*therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation, and the sword of the Spirit, which is the word of God.*

God wants us to be strong. We live in an evil time and we need to be strong both in faith and character. We need to not only look strong but we need to be strong.

## GUIDE from page 11

I liken this to the shearing of sheep. I come from the west and am aware that sheep need shearing. Sheep don't shed, so the wool keeps growing and the sheep will eventually die.

Look at this poor fellow here. He has been neglected. The wool on him is so heavy he is about to fall over and won't be able to get up. It is hard for him to move or even eat and drink.

There are other medical issues that may happen with

excess wool: overheating in summer, Hypothermia in the winter and infestation of maggots underneath the matted wool.

We read in Scripture about the rod and the staff which guide us and correct us.

Sometimes if we are not corrected we may wander far away from the safety of the shepherd but the good shepherd is always willing to bring us back into the flock.

The "stuff" keeps us humble. It helps to make us tough and disciplined. If you are going to be lead through a wilderness do you want your guide to be soft and one who has never had challenges or do you want your guide to be tough, who had

challenges, hardship and knows how to deal with them? If you are a father or mother you have to be prepared to guide your children when they have to deal with the "stuff."

Candy and desert is fine and we all enjoy it, but it can't be our main diet. Our lives need the "stuff" so we can be strong.

So often people want to come to Jesus when he is handing out the treats. But we have to be prepared to live with passion and conviction. So often people want to compromise. Christians are called to transform the world but too often it is the world that is transforming Christians. We are to live full throttle for the Lord. Live your life with purpose. If we compromise, we are betraying all our fathers who came before us and all of our children who will come after us.

Don't let social media, TV, and fear be your guide. God put a fire alarm in you to warn others. God may not have called you to warn the nation, but he has called you to warn those who are in your "circle."

There are people in the world and there are people in the church who need encouragement to move forward. The "stuff" we face is just "stuff" but Jesus is the way, the truth and the light. Jesus can give us the power and the courage to go over the "Stuff," around the "stuff," or through the "stuff."

*Come unto me, all ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and ye shall find rest unto your souls. For my yoke is easy, and my burden is light.*

Matthew 11:28-30

## Pastor Robb gives you *Something to think about!*

Quite often preachers will say that we should never mix politics with religion. In fact, it is more than quite often, it is actually quite common.

Acting as if they are more holy than the rest of mortal man, they will let you know they were sent from God to speak only about things that are spiritual.

So often when I or others speak out against the sin of the nation they set back with disdain.

Of course, it isn't just the preachers who say such foolishness, but also most of those caught up in the modern church world.

So is it spiritual to avoid politics?

Of course, to fully answer this question with Biblical references and examples would fill pages. However, perhaps we can crack the door a little and begin to see the fallacy of their statements.

To take a peek at how completely foolish their statement is and how completely national politics is intertwined with the Gospel of Jesus Christ - consider this question.

*"Can a person be a born-again, spirit filled Christian and at the same time hate America and our founding principles."*

( ) Yes - ( ) No

If the preacher says, "No" then he is admitting that your political ideals are directly related to your Christian walk and testimony.

If the preacher says, "Yes" then and only then would he be in agreement with his statement that politics and Christianity does not mix.

If he doesn't want to answer, but will try to wiggle his way out of the question, then he's a dog preacher spoken about in Isaiah 56:10-11.
