In approximately 890 BC the nation of Judah and its king, Jehoshaphat were facing a major alien invasion . Beginning in verse 2 of 2 Chronicles 20 we read: “Messengers came and told Jehoshaphat, "A large army is coming against you from Edom, from the other side of the Dead Sea. They are already in Hazazon Tamar!" 3 Jehoshaphat was afraid, so he decided to ask the Lord what to do. He announced that no one in Judah should eat during this special time of prayer to God. 4 The people of Judah came together to ask the Lord for help; they came from every town in Judah. 5 The people of Judah and Jerusalem met in front of the new courtyard in the Temple of the Lord. Then Jehoshaphat stood up, 6 and he said, "Lord, God of our ancestors, you are the God in heaven. You rule over all the kingdoms

of the nations. You have power and strength, so no one can stand against you. 7 Our God, you forced out the people who lived in this land as your people Israel moved in. And you gave this land forever to the descendants of your friend Abraham. 8 They lived in this land and built a Temple for you. They said, 9 'If trouble comes upon us, or war, punishment, sickness, or hunger, we will stand before you and before this Temple where you have chosen to be worshiped. We will cry out to you when we are in trouble. Then you will hear and save us.' . . . 12 We have no power against this large army that is attacking us. We don't know what to do, so we look to you for help." 13 All the men of Judah stood before the Lord with their babies, wives, and children. 14 Then the Spirit of the Lord entered

By Muriel Robb

**Do You** ever feel like the world chews you up and spits you out? It can be health problems, family, work or even small squabbles from friends at church. Do you feel ripped and torn apart like leaves and limbs going through a mulcher.

Sometimes we have collapsed dreams - especially older folks. Maybe you feel forsaken by children? Maybe you lost a job or life was just harder than your dreams?

We all have experienced times when we felt alone yet we keep the pain to ourselves and suffer alone. But God knows and he understands and gives us assurance. He is there to help.

When the disciple Peter walked out on water to meet Jesus, we are told he began to fall and called out for help and Jesus was there to keep him from drowning. Likewise he is always there for you and I. He knows our need before we do. He is like those companion dogs trained to sense when his master is about to have a seizure. The dog can detect it before it happens. The difference is the dog gives a warning, but Jesus (if we allow him) will, as the country song says, "takes the wheel."

There is a Christian song with these words, which are all so true, *"Got any rivers you think are uncrossable? Got any mountains you can't tunnel through? God specialized in things thought impossible. He'll do for you what no other power can do!"*

When our people were led out of Egypt, they faced the Red Sea in front of them and an angry Egyptian army behind them. They had a choice. They could trust God (I doubt they were fighting over church doctrine) and move forward as God commanded or they could have submitted and returned to Egypt and slavery.

As they came out on the other side - alive and dry - they rejoiced that they trusted the Lord.

When we face negative people, those that aren't happy unless they are complaining and they want you to be unhappy also, perhaps they want to tear down your dreams and rip apart you happiness, when you face scary and unknown circumstances that is the time to stop and take a moment to praise the Lord. Just that simple act of praise will give you strength. He is listening and wants to rescue you. Build your relationship of trust with the Lord. He is more than you'll even need. The Lord told the apostle Paul, "My grace is sufficient for you." Because there is strength in the

grace of the Lord. As the old saying goes, "Don't knock it until you tried it."

Don't worry or fret over insults, hardships, persecutions, difficulties. Covet a close relationship with Jesus. Whether we are building a business, a ministry, a family or our lives remember no matter how well managed, well planned, well financed, it's all pretty powerless without Him in the drivers seat.

The early church didn't have all the fancy do dads we have today, but look at what they accomplished because they had the power of the Lord.

We are a needy people - even though we don't like admitting it. That is why we want things,

Jahaziel a Levite and he stood up in the meeting. 15 He said, "Listen to me, King Jehoshaphat and all you people living in Judah and Jerusalem. The Lord says this to you: 'Don't be afraid or discouraged because of this large army. The battle is not your battle, it is God's'

I want to highlight four different verses.

**Verse 4** The people of Judah came together to ask the Lord for help;

**Verse 7** Our God, you forced out the people who lived in this land as your people Israel moved in. And you gave this land forever to the descendants of your friend Abraham.

**Verse 12** We have no power against this large army that is attacking us. We don't know what to do, so we look to you for help.

**Verse 15** The Lord says to you. 'Don't be afraid or discouraged because of this large army. The battle is not your battle, it is God's.

In recent years we have seen a large army descend upon America that is seeking to destroy everything we love and hold dear. Our Christian Republic is no longer recognizable. The average white man or woman can not identify with what America has become. In fact most of them will tell us that they are beginning to feel like strangers in our own land. Filth flashes across movie theater and television screens. Nasty and vile social workers have wrecked havoc on what was once considered a moral nation.

It seems like everything we buy is made in China. Millions of nonwhite migrants have invaded our homeland.

**Every major city in America has been destroyed.** Our universities are producing young people who hate America, hate our forefathers and hate our Constitutional Republic. Our churches have become the breeding ground for miscegenation. "Doctors" mutilate our children calling it "Gender affirming care." Our monuments are torn down and our dear republic is on life support. Very little that is good, and wholesome is still standing.

We are facing a large army of misfits, transgender

freaks and hate filled sociopaths who don't love the things we love. America once stood as a beacon of light, a bright city on a hill, a nation touched by the finger of God. America was God's holy habitation. John O'Sullivan wrote in the 1840's that America was the greatest temple built for the worship of the Almighty. Looking back at verse 12 - I think the principle we can apply today, is that like in the days of King Jehoshaphat, **in our flesh, we have no power against this large army** that is assembled against us. So what did Jehoshaphat do? Verse 4 - *"The people of Judah came together to ask the Lord for help."*

This large army that comes against us today is not wearing helmets of steel, they do not carry swords or shields. This large army is not marching in military columns or threatening us with bombs or machine gun fire.

This army walks among us as though they are one of us. But they are not. This army, like all the armies of the ancient world wants to control us. It is all about control. Today we call them liberals, But they have also been called, communists, Bolsheviks, globalists, progressives, and Democrats. But what ever the name they give themselves, they are all agents of Satan. The Bible says these agents of Satan appear as angles of light.

No matter what they touch two things happen - they want to control it and it eventually turns ugly. Science at one time was Biblical, but in time the Satanic Rebellion has turned science into becoming an enemy of God. Of course not all science. For the most part science simply validates the creative power of God. But pseudo science is used to promote evolution. The Satanic rebellion has destroyed marriage, they have destroyed the natural difference between men and women, they have destroyed our economy, they have destroyed our health, they have destroyed our concepts of right and wrong, they have destroyed our racial integrity and they are in the process of destroying what it means to be a boy or a girl. They have destroyed our national institutions, they have destroyed our culture and they have all but destroyed our Christian Faith.

Because of this large army, our whole civilization is in disarray, confusion and darkness But never-the-less this is still my father's world. God is still the

excitement and purpose. But often we fail to understand the thing we need most is having the Lord in our lives.

Keep you eyes on Jesus. Especially in these days of Jacob's trouble as the enemy seeks to genocide our people.

We can be rich in Him. By His power we will be the over comer we all admire. You need to be an over comer in your life. Your spouse needs you to be an over comer and your children need you to be an over comer so they can learn to be an over comer also.

Trusting in the Lord doesn't happen over night - you need to build it the same way as an athlete builds his body over time.

We have a motto by our bed. It says: "Give your troubles to the Lord - He will be up all night anyway." **END**

## AUDUBON SOCIETY CHANGES NAME

The New York Audubon society, the nations largest is changing its name. The new name will be NYC Bird Alliance. The reason for the name change is because they want to separate themselves from the racism of its namesake. The society was named after ornithologist and illustrator John James Audubon (1785 – 1851) who between 1827-1839 compiled *The Birds of America* depicting birds in their natural habitats. The Birds of America, is considered one of the finest ornithological works ever completed.

John James Audubon - "racist!"

Jessica Wilson, executive director of NYC Bird Alliance says Audubon *"was an accomplished artist and naturalist who laid a foundation for the conservation movement. However, his views and actions were harmful during the time of his life to people of color and to Indigenous people, and they remain harmful today."*

## GORKA SAID A NAUGHTY WORD

Outspoken patriot Sebastian Gorka, who served briefly in the Trump administration has come under fire recently for stating that vice-president Kamala Harris was "colored."

According to Newsweek, people on social media were "outraged."

To call a black person colored is considered a

pejorative.

Gorka was on the Rob Schmitt's show (Newsmax) when the subject of Harris came up. Gorkla said: *"She's a DEI [Diversity, Equity and Inclusion] hire, right? She's a woman! She's colored. Therefore she's gotta be good,"* Gorka said sarcastically.

Victoria Brownworth, an investigative journalist, wrote: *"Yikes. Last night on NEWSMAX Sebastian Gorka said of VP Kamala Harris 'she's colored. . . This is the most overtly racist thing I've ever seen on television."*

Really - I can think of some words that would be even more offensive.

Also why is it OK to call someone who is black "A person of color," but it's not OK to say they are a "colored person."

Ed Krassenstein, a political commentator who gained notoriety by trolling Trump on social media, wrote on X. *"Lunatic and apparently racist Sebastian Gorka just called Kamala Harris a 'colored' woman. Have some of these people just given up on trying to hide their racism?"*

Hollywood has since its beginning been the center of debauchery promoting vile behavior into our lives. So it is no wonder that I saw on the internet this headline. *Take a Look at These Stunning and Inspiring Mixed Celebrity Couples.* This was then followed with photos of interracial couples and we were told how happy they were and how they overcame prejudice and bigotry.

Dear Pastor Robb:

Thank you for sending me the last issue of *The Torch*. I get several Identity publications from various ministers and I enjoy them all. I will say, however, the last issue of *The Torch* with the article: *Dominion and Power* was the best I have read in years.

I have followed your ministry for years, beginning when as a young man I stood in a cow pasture along with my wife at a rally near Hico, Texas. Of course I can't remember everything you said that night, but I recall you stating that our people have a history of conquest and the moment we again become proud of our history we will become conquerors again. That has stuck with me and the *Dominion and Power* article reflect those same sentiments.

Again, thank you for your ministry.

H.J / Texas

Dear Pastor Robb:

I know most everyone who reads *The Torch* says they believe in prayer. However we need to get serious about our prayers for America and for our people. We are facing some of the most corrupt evil people in the history of the world. There is no question in my mind that they are agents of the Devil.

Jim P / WY

Dear Pastor:

Thank you for your recent edition of *The Torch*. I work as an exterminator. Some of my work involves fumigating Section 8 housing. Today I had some immigrants shoving their Green Cards in my face bragging they get free health care. I don't know how much more of this filth this country can tolerate.

Steve L/MI

We changed the name of the state to protect the identity of Mr. Steve from some nosy bureaucrat checking the extermination contractors in his state.

Hello Pastor Robb:

A friend of mine gave me a copy of the April edition of *The Torch*. I am so glad she did. I want to subscribe.

The article, *Why Pretty Girls Love Ugly Men* was fascinating! When I saw the title I thought I was about to read something stupid like you might see on a late night comedy show. But when I read the article I was amazed how insightful it was. You hit the nail square on the head and drove it in with one wack.

I have read it over several times and think everyone needs to read it again and stop and do some serious thinking about what you are explaining. Our young people also need to really understand it in order to guard themselves from making a "connection" that will lead them to hell.

I am looking forward to future issues of *The Torch* and like my friend did for me I am going to share them with my friends.

# The Heathen Rage!

Israel have been colonizers throughout the history of the world. They have conquered lands and established settlements and civilization upon every continent of the world. They have brought science, education, health care and order out of chaos in the remote corners of the world. They have liberated the conquered people from their ignorance and superstition. The history of our people is a history of conquest, but with conquest came the blessings of civilization. And this was all foretold in the Bible

God told Abraham that his children would spread to the east, west, north and south. There are no other people who has a history of conquest. The history of all other people is a history of submission.

Depending on your racial self-image you will determine whether this is good or bad.

Today, the “minorities” of the world rebel against Israel just as it was spoken of by David

in Psalms 2:1-4

“Why do the heathen rage, and the people imagine a vain thing? The kings of the earth set themselves, and the rulers take counsel together against the Lord and against His anointed saying, Let us break their bands asunder and cast their cords from us. He that sitteth in the heavens shall laugh, the Lord shall have them in derision.”

Israel, in their conquest have always put “bands” and “cords” around the heathen to protect the racial integrity of their people.

The “bands” and “cords” are instruments of control and regulation. They are reflections of the character of God’s people Israel which became further enhanced as they grew into character of Christian nations. They are the earmarks of civilization, or morality, of law and order.” END

## Ask Your Preacher!

Do you attend a nice small all white church? Do you think that is a good church because there are no minorities attending? Do you feel “safe” in this church?

Do you believe it is a nice church for your children? It may even be a church where the preacher says he doesn’t like integration.

### Here is a little test!

Ask your preacher if he is against interracial marriage (miscegenation). Find out what he says. If he says that he is not against interracial marriage - then why are you going there?

OK - So he’s a nice guy. Would you vote for someone to be president only because you think he may be a nice guy. I am sure Joe Biden, in casual contact is a nice guy.

So if he tells you he is not against interracial marriage then get out fast and keep you kids away from that preacher.

If he says he is AGAINST interracial marriage: ask him to preach a sermon against it. Not someday. But very soon. After all he may be telling you that because he is thinking that is what you want to hear.

That is why you need to ask him to preach this sermon against interracial marriage the gateway to white genocide and he needs to do it soon - not some day.

If he will not, then you can only determine he lied to you or is afraid of being called a racist.

Shame on you if you keep going to and supporting that preacher and church.

So - Ask him!

I dare you! END

## MY FATHER'S WORLD from page 3

Lord of all creation. The oceans roar at His command, the geese still fly south every fall, the Eagle still builds it's nest high in the mountain tops. After thousands of years a boy is still a boy and a girl is still a girl. The water still flows into the sea, the butterfly still flutters her wings around a flower. And He makes the sun raise precisely on time everyday. Because God is faithful . He is not only faithful to the Covenant He gave Abraham, but he is faithful to His whole creation.

Indeed as the song many of us are familiar with is titled: **This is my father's world.**

Don't think for a moment that Satan rules. This large Army has been defeated, Satan was defeated at the cross and he was defeated at the resurrection. He is defeated every time someone gives their heart to the Lord. As the above mentioned song says "*Though the wrong seems oft so strong - God is the ruler yet!*"

We are told every knee will bow and every tongue will confess that Jesus is Lord. He is still the ruler, not Joe Biden, not some globalist cartel, not government bureaucrats, not the Deep State - Jesus is the ruler.

However, we must be aware that the rebellion is not going to give up easily. There is a battle to be fought and a battle to be won. Though we stand in what Horatio Spafford described as our Helpless Estate we claim the promise of the Covenant. God looked out of the heavens and saw us mortal, sinful and helpless and He remembered the Covenant.

Yes, we face a large army that is determined to control us - But it is hard to control free men, because free men will not submit to tyranny. The Bible tells us - 2 Cor 3:17 - "*Where the spirit of the Lord is, there is Liberty.*"

Thomas Jefferson is quoted as saying, "Rebellion to tyrants is obedience to God." That is why they hate

Christianity. Because we believe in Liberty - we believe in freedom. Submitting ourselves only to the Lord Jesus Christ.

In April 1775, when a British major called the colonialists, villains and told them "lay down your arms, in the name of George, the sovereign king of England," the immediate response was "We recognize no Sovereign but God and no King but Jesus."

Satan's power is greater than our power / But the power of the Lord is greater than the power of Satan

Certainly we are all familiar with the words of Isaac Watts (1721) "Am I a soldier of the cross?"

*Am I a soldier of the cross, A follow'r of the Lamb? And shall I fear to own His cause, Or blush to speak His name?*

*Must I be carried to the skies On flow'ry beds of ease, While others fought to win the prize, And sailed through bloody seas?*

*Are there no foes for me to face? Must I not stem the flood? Is this vile world a friend to grace, To help me on to God?*

*Sure I must fight if I would reign; Increase my courage, Lord; I'll bear the toil, endure the pain, Supported by Thy Word.*

We know from Scripture that God wins and the Satanic Rebellion is destroyed.

## BUT WHAT ABOUT US

We are told to conform ourselves into the image of Christ - to put on the mind of Christ. But too often Christians submit to the temptation to look and act like the world.

We must fully and completely recognize that we serve another

*There is a battle  
to be fought!  
and a battle to be  
won!*

# Be a MISSIONARY! For White Christian Revival! Order tracts for distribution!

Has God Removed His blessings from America

It certainly seems so. We hear of inflation, illegal aliens, anti-white Critical Race Theory (CRT), weakened economy and the confusion some have in determining how to tell the difference between a boy and a girl.

We are told that these are the problems Americans face. But these are not the problems!

They are the curses we face for turning against God.

Easy Math

Some say there are only 15 million (only!) illegal migrants in America. But others say there are as many as 30 million illegal migrants.

The US has a population of 332 million.

If there are 15 million migrants that would mean **one out of every 22** people you see on the streets are here illegally.

If the newer figures are accurate that would mean **one out of every 11** people you see on the streets are here illegally.

Welcome Migrants!

Welcome to America!

The 3rd World invasion!

America is being invaded!

And America is changing. The change is not good, and the change it is not good for your children.

If you think we are having trouble with these "minorities" people just wait until these "minorities" become the majority! What will your children do?

THAT is why we need Jesus!

## 100 for only \$25

We need these tracts distributed by the thousands throughout the country. There are many people being sucked up into the **One World Church**. The One World Church has hijacked our very best nature - a nature of compassion - and have twisted it to take us to a very dark place that ends up in White Genocide. The One World Church is guilty of making evil "good" and good "evil."

These tracts can be left on counter tops, in stores, or rest rooms. **They are small and can be easily distributed without attracting attention to your self.** You can also simply mail a few out each week. You can order 50 of each for the same price.

The price includes postage, but if you are able to send a couple extra dollars to help on postage that would be helpful. The tract offers a free DVD to those who wish more information. Your tithe and contribution to the Church will help toward the production and mailing of these DVDs.

### MY FATHER'S WORLD from page 9

Kingdom- The kingdom of God. As Christians we are professing to the World that Jesus is King - He is the ruler and we are under His covenant. The time for straddling the fence has got to come to an end.

When Moses came down the mount and he saw how profane Israel had become - He challenged them "Who is on the Lord's side?"

Once again we live among a wicked and perverse people. And we are again challenged - "Who is on the Lord's side?"

Actually choosing to be on the Lord side is quite easy. But **living** on the Lord's side is the hard part. That is why in the Lord's prayer we are instructed to pray that we are not lead into temptation. We think we can overcome temptation. But if we are relying on

our own determination, if we are relying on our own strength, if we are relying on our own self-control we will ultimately fail and the temptation will win. The only way we can overcome the temptation is in the name of Jesus Christ. We must trust in His word and we must have fellowship with others and we must be in continual prayer.

We are surrounded by a powerful army - it is not marching in columns, but this army is insidious. It finds the cracks in our lives which can destroy us.

That is why we must guard our spirit carefully and if you have children you must then show them how to trust in the Lord. The only way we can overcome the temptation is in the name of Jesus Christ. We must trust in His word and we must have fellowship with others and we must be in continual prayer. Rev 12:11 tells us that the Saints of God overcame this large army. **"by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death."** END

# Christian Research and Development Center

The Christian Research and Development Center is again making progress toward completion. For the past three years we have had to divert our attention to building a suitable dining hall at the church. I know it shouldn't have taken that long, but we work with whatever funding we have.

We are finally in a position to redirect our attention toward the completion of this valuable enterprise.

We have electricity and lights being installed. Sheet Rock will be up in much of the building soon. Heating and cooling systems are already installed.

This will contain a media center, library, museum (timeline of the White Christian Identity movement in America) and class rooms.

There is absolutely nothing like this in the entire country devoted exclusively for the mission of White Christian evangelism.

If you feel like it - shout "Praise the Lord."
