"So be very careful how you live. Do not live like those who are not wise, but live wisely. Use every opportunity you have for doing good, because these are evil times. So do not be foolish but understand what the Lord wants you to do." Ephesians 5:15-17

Let's put some numbers to this verse. The Apostle Paul is telling us.

- 1) Be Wise - Don't live like a fool!**
- 2) Use every opportunity for doing good!**
- 3) Understand what the Lord wants you to do!**

The Apostle is speaking to the church at Ephesus. These are Christian people. But they still need some counseling. Of course I have pointed out many times

that the trouble with being a preacher is we are expected to be able to tell people how they can

The Anti-White Hidden Medical Agenda!

We're here to take care of you!

By Jaspn M. Robb, J.D.

According to website of the AAMC it states,

*"The AAMC (Association of American Medical Colleges) is a nonprofit association dedicated to improving the health of people everywhere through medical education, health care, medical research, and community collaborations. Its members are **all 158 U.S. medical schools accredited by the Liaison Committee on Medical Education; 13 accredited Canadian medical schools; approximately 400 academic health systems and teaching hospitals, including Department of Veterans Affairs medical centers; and more than 70 academic societies. Through these institutions and organizations, the AAMC leads and serves America's medical schools, academic health systems and teaching hospitals, and the millions of individuals across academic medicine, including more than 193,000 full-time faculty members, 96,000 medical students, 153,000 resident physicians, and 60,000 graduate students and postdoctoral researchers in the biomedical sciences.**"*

The the AAMC is a BIG deal with significant influence on our medical profession and the attempt to control future doctors and our medical profession by those that hate and despise traditional White, Christian America is an area that we often don't realize.

We have seen this attack and hatred in our government, our legal profession, and our education for decades. And like those areas, we are now seeing the destruction and the corruption in the medical profession. The purpose of this attack in our medical profession is to be social warriors for those wanting to destroy any resemblance of our former traditional White Centered and Christ Centered America. Diversity is now the goal and must root out all forms of racism by promoting more non whites in the medical profession through medical schools and medical organizations.

In June, 2020, during the Chinese virus and with black mob and Antifa riots occurring, this was the press release from AAMC's CEO, David J. Skorton, and David A. Acosta, its chief diversity and inclusion officer.

I want to warn you that this is quite shocking. Their hatred for white people is on open display!

"For too long, racism has been an ugly, destructive mark on America's soul. Throughout our country's history, racism has affected every aspect of our collective national life—from education to opportunity, personal safety to community stability, to the health of people in our cities large and small, and in rural America.

"Over the past three months, the coronavirus

America **FIRST** or Bankers **FIRST**?

European Central Bank President Christine Lagarde warned that a look at Donald Trump's first term as US president raises concerns about his potential return to power in 2025.

"If we should learn lessons from history, from the way he led the first four ears of his mandate, it is clearly a threat," Lagarde told France 2 TV in an interview Thursday. *"It's sufficient to look at the trade tariffs, the commitment to NATO, the fight against climate change. In just these three areas, in the past, US interests were not aligned with European interests."*

Elon Musk Confirms "The Actual Truth"

On November 17 CBS internet news, said a post on X stated Jews, *"have been pushing the exact kind of dialectical hatred against whites that they claim to want people to stop using against them."* According to CBS, Elon, Musk replied, *"You have said the actual truth."*

Elon Musk

Confirms more Actual Truth

On January 10th, mega-billionaire Elon Musk endorsed a tweet suggesting Black students at Historically Black Colleges and Universities (HBCUs) have lower IQs and shouldn't become pilots. In his tweet he stated, *"It*

will take an airplane crashing and killing hundreds of people for them to change this crazy policy of DIE." It appears he tweeted, intentionally mixing up the letters of the acronym for "diversity, equity, and inclusion" from DEI to DIE!

Jonathan Karl A Clear and Present Danger!

ABC's News Chief Washington Correspondent Jonathan Karl, made the following comment about Donald Trump in his new book, **Tired of Winning: Donald Trump and the End of the Grand Old Party**

Jonathan Karl

"He lacks any shred of human decency, humility or caring. He is morally bankrupt, breathtakingly dishonest, lethally incompetent, and stunningly ignorant of virtually anything related to governing, history, geography, human events or world affairs. He is a traitor and a malignancy in our nation and represents a clear and present danger to our democracy and the rule of law."

Wow! To be hated so much by globalist "vermin" like Jonathan Karl makes me like Trump even more!

What is Wrong With Iowa

"What's wrong with Iowa?" That's the question Robert Reich, the former Jewish Secretary of Labor under Bill Clinton was asking after Donald Trump won the Iowa Caucus. In an article syndicated by *Tribune Content Agency* for January 15, Reich answered his own question by stating Iowa simply had too many uneducated white Christians. He also lamented that Iowans have too easy an access to guns.

HIDDEN AGENDA from page 1

pandemic has laid bare the racial health inequities harming our Black communities, exposing the structures, systems, and policies that create social and economic conditions that lead to health disparities, poor health outcomes, and lower life expectancy.

“Now, the brutal and shocking deaths of George Floyd, Breonna Taylor, and Ahmaud Arbery have shaken our nation to its core and once again tragically demonstrated the everyday danger of being Black in America. **Police brutality is a striking demonstration of the legacy racism has had in our society over decades.** This violence has eroded trust of the police within Black and other communities of color who are consistently victims of marginalization, focused oppression, racial profiling, and egregious acts of discrimination.

“Our country must unite to combat and dismantle racism and discrimination in all its forms and denounce race-related violence, including police brutality. Enough is enough.

“As healers and educators of the next generation of physicians and scientists, the people of America’s medical schools and teaching hospitals bear the responsibility to ameliorate factors that negatively affect the health of our patients and communities: poverty, education, access to transportation, healthy food, and health care.

“Racism is antithetical to the oaths and moral responsibilities we accepted as health professionals who have dedicated our lives to advancing the health of all, especially those who live in vulnerable communities.

“As leaders of anchor institutions in our communities, academic medicine’s physicians, educators, hospital leaders, faculty, researchers, learners, and staff must lead by example and take bold action in partnership with the communities we serve:

- We must acknowledge and speak out against all forms of racism, discrimination, and bias in our environments in our institutions, communities, and society.

- **We must stand in solidarity with the Black community** and speak out against unjust and inhumane incidents of violence.

- We must demonstrate empathy and compassion and acknowledge the pain and grief that the families and the communities of these victims are experiencing.

- We must take the lead in educating ourselves and others to address these issues head-on.

- We must be deliberate and partner with local communities, public health agencies, and municipal governments to dismantle structural racism and end police brutality.

- We must employ anti-racist and unconscious bias training and engage in interracial dialogues that will dispel the misrepresentations that dehumanize our Black community members and other marginalized groups.

- We must move from rhetoric to action to eliminate the inequities in our care, research, and education of tomorrow’s doctors.

The AAMC stands against racism and hate in all its forms, and we call on academic medicine to stand together on this issue. We are committed to harnessing all of our resources to catalyze meaningful and lasting solutions. We can no longer be bystanders. We must not be silent. But while our solidarity is necessary, it is not sufficient. Together, and in partnership with the communities we serve, we must work together to heal our nation.”

Now, moving forward three years later, the AAMC will require future doctors to confirm their understanding of: *Oppression - White privilege - Colonialism - Social risk factor and Race as a social construct*

The AAMC and the AMA both in conjunction with each other prepared “**Advancing Health Equity: A Guide to Language, Narrative and Concepts.**” This is a 54 page booklet on the do’s and don’t in the medical profession as well as the “false” concepts white people have about the medical profession. In the very beginning, the Preamble states:

“The field of equity, like all other scholarly domains, has developed specific norms that convey authenticity, precision and meaning. Just as the general structure of a business document varies from that of a physics document, so too is the case with an equity document. One example is the inclusion of a “Land and Labor Acknowledgement” like the one below. It is common that discussions in the field of equity begin with the recognition that our current state is built on the land and labor of others in ways that violated the fundamental principles of equity.

“Land and Labor Acknowledgement: The Association of American Medical Colleges’ headquarters is located in Washington, D.C., the traditional homelands of the Nacotchtank, Piscataway and Pamunkey people. The American Medical Association’s headquarters is located in the Chicago area on taken ancestral lands of indigenous tribes, such as the Council of the Three Fires, composed of the Ojibwe, Odawa and Potawatomi Nations, as well as the Miami, Ho-Chunk, Menominee, Sac, Fox, Kickapoo and Illinois Nations.

“With more than 65,000 Native Americans and Indigenous peoples represented in 175 different tribes, Chicago today has the third-largest urban Indigenous population in the U.S. More than 4,000 American Indians and Indigenous peoples still reside in the District of Columbia. We acknowledge their ancestors were forced out by colonization, genocide, disease and war. The AAMC and AMA also acknowledge the extraction of brilliance, energy and life for labor forced upon millions of people of African descent for more than 400 years.

“We recognize the significant contributions that Native Americans/Indigenous peoples and people of African descent have made to this country, particularly to the fields of medicine and science. We celebrate the resilience and strength that all Indigenous people and descendants of Africa have shown in this country and

worldwide. Their land, labor, bodies and minds—and those from other historically marginalized people and groups over the course of our nation's history—have contributed to the wealth of this nation and, by extension, to the AAMC and AMA.

“The AAMC and AMA also mourn the loss of life and liberty of millions of others who have historically been oppressed, exploited, excluded, segregated, experimented upon and dehumanized in the U.S. over centuries, and acknowledges their historical trauma and the long-lasting impact this has had on them as an individual, their families and their communities.

“The AAMC and AMA understand that while the goal of health equity is inclusive of all communities, it cannot be achieved without explicit recognition and reconciliation of our country's twin, fundamental injustices of genocide and forced labor. We must remember that we carry our ancestors in us, and we are continually called to be better as we lead this work toward the pursuit of racial justice, equity and liberation.”

So what they are saying is, *“white people are evil people, this country was built on racism and genocide of other races and you should be acknowledging it and everything in our medical profession that is related to it is evil and we have to make it right and we have to make sure health is not racist.”*

You get the idea.

Dental schools are discarding traditional testing because there just aren't enough black and Hispanics in the medical profession. Medical exams are allegedly racist because too many whites and Asians are in medical schools. As noted by Heather McDonald, a contributing editor of City Journal, in the summer of 2022, she wrote a wonderful article titled, *The Corruption of Medicine*.

“The U.S. Medical Licensing Exam is a prime offender. At the end of the second year of medical school, students take Step One of the USMLE, which measures knowledge of the anatomical parts, their functioning, and their malfunction; topics include biochemistry, physiology, cell biology, pharmacology, and the cardiovascular system. High scores on Step One predicts success in a residency; highly sought after residency programs such as neurosurgery and radiology, use Step one scores to help select applicants. Black students are not admitted into competitive residences at the same rate as whites. Step One has been modified to try to shrink that gap; it now includes nonscientific components such as ‘communication and interpersonal skills.’”

But because of the continual disparities between whites and blacks and Hispanics, the grading has been modified. Now since January, 2022, Step One has been graded on a *pass-fail basis*.

Plus Whites should feel ashamed of their success when they get into medical schools because they have “privilege.” In January, 2024, the chief diversity officer Dr. Sherita Hill Golden for John Hopkins University's DEI (*Diversity, Equity and Inclusion*) office, (or if you rearrange the letters you actually get D-I-E, which would be more accurate.) put out on her hit list of people that have privilege.

Again, an attack on traditional white America. This is what she said,

“Privilege is a set of unearned benefits given to people who are a specific social group. Privilege operate on personal, interpersonal, cultural and institutional levels, and it provides advantages and flavors to members of dominant groups at the expense of members of other groups. In the United States, privilege is granted to people who have membership in one or more of these social identity groups: White people, Able-bodied people, Heterosexuals, Cisgender people, Males, Christians, Middle or owning class people, Middle-aged people, English-speaking people”

You
are the ones
Causing
all
the problem
in this world.
You
are the
oppressors !

Again, this list sets out that traditional white, Christians families are privileged and therefore, you are the problem. You are the ones causing all the problem in this world. You are the oppressors, you should feel guilty of who you are. You racist!

Medical publications have also fallen to the dark side. The prestigious The New England Journal of Medicine has now fallen into pushing the anti-white agenda by printing articles on topics as *Pathology of Racism, Toward Anti-racist Allyship in Medicine*, and *How Structural Racism Works - Racist Policies as a Root Cause of U.S. Racial Health Inequities*. Scientific American published in the summer of 2021 an edition titled, *The Science of Overcoming Racism*.

What is troubling is that there is no limit to the evil towards those who love traditional Christian America. Their twisted evil minds and spirit can't understand that males will always be males and females will always be females. We all have seen the attack by the

Good Afternoon Pastor Tom!

FANTASTIC! I just received some wonderful stacks of GREAT literature.

Now I have many copies of the latest *Crusader*, *The Torch*, and *Your Divine Purpose* books. This is Good! As is the custom ... I'm working feverishly to "turn these around" into a useful Mail-out to deserving and alert patriots in our beautiful but Communist-infested Commonwealth of Pennsylvania.

The following is a letter I received in the mail in January of 2014. TEN YEARS AGO! I am presenting it here because I thought you would find it both interesting and funny.

Hello: I am Matthew, but you may simply call me "The Father." I have contacted you because I feel the calling of our Heavenly Father to warn you of the upcoming Apocalypse. If you are to remain in this plain existence you must bury yourself in a bunker NOW! If you do not you will not be accepted into the New Eden. The collapse is upon us and you will atone!!! Sighed "The Father"

Greetings Pastor Robb:

Greetings in the name of our Lord and Savior, Jesus Christ. Our family visited you for one of your family conferences a number of years ago. You and your family were very cordial and welcoming to us.

Thank you for your kind hospitality and the literature you gave us. It was very interesting. One particular

book you gave us was *The Last Church*. You told me me that if I found it to be of value I could send an offering. I did read it and I did find it of much value.

I can definitely see how the modern push for this is to diminish white people and our heritage. I agree with much of what you wrote. Over the years I have often thought about our visit and the things we learned.

We have relocated from New Mexico to Kentucky where the politics and cultural climate is more to our liking. It is sad what our country is turning into. I do thank you for helping to make our people aware of the genocide against white people - especially Christians.

My prayer is that God will bless you, your famly and the Christian Revival Center in these last days as we serve the Lord Jesus Christ and preach the Gospel.

Has God Removed His blessings from America

It certainly seems so. We hear of inflation, illegal aliens, anti-white Critical Race Theory (CRT), weakened economy and the confusion some have in determining how to tell the difference between a boy and a girl.

We are told that these are the problems Americans face.

But these are not the problems!

They are the curses we face for turning against God.

But HOW have we Turned Against God?

We stopped loving our God and stopped loving our people!

We have allowed millions of aliens into our country with their strange gods and they introduced the Christian values which built America!

We are being replaced. Our once beautiful cities have become cities of the 3rd world. Our Christian culture has been debased. Deuteronomy 28:43 told our ancient Israel ancestors that the aliens we let into our country will become the "head" and we will become the "tail."

We see this where ever we look. White people are being replaced. A person of color can best of their racial pride, but if a white person does it they are called racist!

Easy Math

Some say there are only 15 million (only!) illegal migrants in America. But others say there are as many as 30 million illegal migrants.

The US has a population of 332 million.

If there are 15 million migrants that would mean **one out of every 22** people you see on the streets are here illegally.

If the newer figures are accurate that would mean **one out of every 11** people you see on the streets are here illegally.

America is being invaded!

And America is changing. The change is not good, and the change it is not good for your children.

If you think we are having trouble with these "minorities" now just wait until these "minorities" become the majority!

What will your children do? THAT is why we need Jesus!

Welcome Migrants!

Welcome to America!

We need these tracts distributed by the thousands throughout the country. There are many people being sucked up into the **One World Church**. The One World Church has hijacked our very best nature - a nature of compassion - and have twisted it to take us to a very dark place that ends up in White Genocide. The One World Church is guilty of making evil "good" and good "evil."

These tracts can be left on counter tops, in stores, or rest rooms. **They are small and can be easily distributed without attracting attention to your self.** You can also simply mail a few out each week. You can order 50 of each for the same price.

The price includes postage, but if you are able to send a couple extra dollars to help on postage that would be helpful. The tract offers a free DVD to those who wish more information. Your tithe and contribution to the Church will help toward the production and mailing of these DVDs.

sodomites to push the idea of transgenderism and the mutilation of boys and girls in the attempt to change their physical appearances. However, they will always be boys and they will always be girls. Now, they are just physically disfigured. But the evil within the medical profession that is brewing is going after our children. As reported by Fox News and The College Fix, Harvard Medical School students were able to learn about how to provide healthcare to "infants" who are LGBTQIA+, according to a course catalog description in 2023.

Caring for Patients with Diverse Sexual Orientations, Gender Identities, and Sex Development, is a regularly available med school course, which promises to give students a chance to work with "patients [who] identify as lesbian, gay, bisexual, transgender, queer, intersex or asexual." They give the assurance that "Clinical exposure and education will focus on serving gender and sexual minority

people across the lifespan, from infants to older adults,"

There is no doubt we are living in an evil world where we are seeing everything around us turn up side down. Evil is good and good is evil. As White Christians, we have never seen such hatred towards our people, culture and heritage as we see today. In Isaiah, we read that Satan wants to be the lawgiver. He is doing everything he can to destroy everything that God's children have produced and created. As White Christians, we are those people and we see in front of us Satan's attempt to subvert what our people have produced. We have produced doctors to heal the sick, created surgeons to be able to perform miraculous surgeries, and our people have benefited for centuries as a result. Now, the medical profession is under attacked like never before by those that hate our people and our traditions. Their sole purpose is to destroy it by lowering the standard, allow unqualified non whites to become doctors and create an unsafe environment where it isn't about healing people but of turning the medical profession into a perverse, socialist and non white advocacy mouthpiece against White Christians.

BE WISE! From page 1

live a perfect life, knowing all along however that it is something we can't do ourselves. So keep your eye on Jesus Christ for He is both messenger and message. **Therefore have the wisdom to keep your eye on the message and the wisdom to take your eyes off the messenger.**

Don't Live Like a Fool

So the first thing we are being told by the Apostle is "Do not live like a fool." I believe he is telling us to examine our priorities. When we know and understand our priorities we are better able to make wise decisions for our life. When choosing friends, the books we read and the time we spend, do they make us stronger or weaker? It will take wisdom to make the right choice. But the right choice will help us to develop the strength to reach our priority.

When asking people what is their life priority, I suspect there would be a multitude of answers given. There isn't space to list what those priorities would be, but for Christians the given priority should all be the same. **As a Christian our answer should be "To serve the Lord."** That should be the one and only answer. When we focus on serving the Lord, and putting Him first it means *all the other things you want in life can find their fulfillment also.* That is why Christ said, "*Seek ye first the Kingdom of God and all these things will be added unto you*" Matthew 6:33. When you serve the Lord it means you have made your life to Him a "living sacrifice" as noted in Romans 12.

As God's "tool" He will give you the power to be the kind of husband or wife that you want to be. As a servant of the Lord you will be given the power to be the kind of father or mother you need to be to your children. As a servant of the Lord, He will give you the power to build your career, the

power to be the kind of employee your boss will appreciate and respect. He will give you the power to be friend to those in need. By making service to the Lord your priority He will give you the power to accomplish everything in your life that you feel is important.

Serving the Lord doesn't mean sitting in church all day with folded hands and muttering meaningless prayers.

Serving the Lord is having an active fulfilling life. It is taking your family on vacation, going to the lake for swimming, fishing or perhaps playing video games with your kids.

A happy home begins when you serve the Lord!

It means doing things with your family, one day you are at the lake building sand castles with your little girls and the next day leading your family into church. Your children need to see you serving the Lord, whether it is passing out some literature in an effort to awaken our lost white brothers and sisters or obeying the Lord's commandment to return to Him the tithe of your income so the message of White Christian Revival can continue.

Serving the Lord means having a well developed full life of gratitude to the Lord for his saving grace, his marvelous creation, and yes, even for the trials of life which when you overcome will make you stronger. Remember the words of Friedrich Nietzsche, "*That which does*

not kill me makes me stronger.”

So we must seek wisdom. Knowledge and wisdom are not the same. A person with wisdom and little knowledge can accomplish more than someone with much knowledge and no wisdom.

You can not learn wisdom, it is beyond our reach. Wisdom is a gift from the Lord and you can only get it by seeking it with prayer and service to Lord.

“Use Every Opportunity for Doing Good”

Wisdom will show you the importance of this. Doing good must come through humility. Doing good through pride is self-serving. But doing good through

humility is true love for others. Doing good can be an overt activity, but it can also be the spirit of forgiveness and unloading a burden you have harbored toward someone.

I know we sometimes get angry with those multitudes of our white brothers and sisters who sit in darkness. They are not necessarily “bad” people, but they seem to have little concern about what has happened to our country. They seem to be apathetic about the growing anti-White agenda that seems to be dominating every corner of our lives and these people act as if they just don’t care.

We call them the normies. We want to slap them on the side of the head and yell “Wake up!” Of course, the only thing that would accomplish would for you to spend the night in jail. Unless of course they are bigger and tougher than you which means you might spend a night in the hospital.

See Be Wise page 12

Don't let the Government get it's hands on your money!

If you do not have a properly prepared will - upon your death the government may seize all of your bank accounts and property.

Many people instruct their attorney to prepare a will that leave a portion to 1) children, 2) nieces and nephews, 3) a charity, or 4) a university.

1) While leaving your estate to children is noble and perhaps with a feeling of obligation: consider do they embrace White Christian Revival. Sometimes children are even anti-racist and WOKE. You need to reconsider.

2) The same can be said for nieces and nephews,

4) Leave a portion of your estate to a charity is always a good idea. These are groups that care about the issues you care about. However, you still need to consider what the aims of the charity is beyond the advertisements. For example Mercy Hospital sounds wonderful but it primarily focuses on 3rd world countries and offer little (if any) benefit to the mission of White Christian Revival.

5) Leaving money to your Alma Mater (I don't care how good their football team is) is really a foolish gesture. These universities are the breeding ground for all the WOKE agenda plaguing us today.

If you would like to leave a portion of your estate to the *Christian Revival Center*, contact Pastor Robb at 870-427-3414 or you can call the law firm of Jason M. Robb at 870-743-2215 and he will prepare your *Last Will and Testament* at no charge to you or to the church. He will be able to handle this for you regardless of where you live. In other words, you do not have to be a resident of Arkansas.

If you already have your *Will* prepared by your own attorney, you can simply ask your attorney to add to it the *Christian Revival Center*. Jason Robb will be happy to provide proper information to your attorney.

BE WISE from page 11

But we should concentrate on doing good. It won't buy you salvation, that was accomplished through the blood of Jesus Christ on the rugged old cross on Calvary Mountain. However, we do good because it is a way to witness to our people. And all those normies are our people, they do not belong to the enemy. They belong to us! They are what the Bible calls *Sheep*. That is not a derogatory name, Christ expresses great love for the sheep and He identifies Himself as the "Good Shepherd." Only Israel is identified in Scripture as God's Sheep. David in the 23rd Psalms said God loves the sheep and leads them "to still waters."

So doing good is focusing on this priority of serving the Lord. This is what Jesus was saying in John 21 when he tells Peter that if you love me you will feed "my sheep." How many people claim to love the Lord but have no real love for the sheep (Israel.) They give their love to the untermensch of the world who are flooding into our nation and our sister nations of Europe. We are commanded by Paul to do good. Certainly it means, being polite in the stores, opening a door for someone, or helping someone in some other manner. But it also means having an evangelistic love for our people (God's sheep) and do as we are commanded in Ezekiel - "give warning."

This is what *New Testament Identity* is all about!

"Understand what the Lord wants you to do"

What **exactly** does the Lord want you to do? It is simple, he wants you to be a good shepherd as he is the good shepherd. God does not expect everyone to do the same thing, nor has he given everyone the same talents. But **we all** have the talent to **DO SOMETHING!** For some it may be preaching, others it may be singing, playing a musical instrument. Others have the talent to witness or volunteer perhaps at a shelter, give counseling, being a contributing member of our community. Can you help a white brother or sister in need?

Teach your children to love our people. Don't teach

The Good Shepherd!

hatred of non-whites. That is foolish, but teach love for our people and teach them to be grateful for the Covenant given to Abraham, Sarah and all their generations. Some of you have been given the talent to create a large income. Consider you weren't given that talent just so you could live in luxury. You were given the talent to create a large income so you can contribute to the Lord's work in a large way.

In summary, Paul said don't be a fool: be wise in the books you read, in the friends you make, in the places you go and in the things you do.

He said to look for opportunities to do good. There are a lot of good things you can do for our people. Many walk in darkness and we should seek ways to witness to them. We can do that through literature distribution or perhaps by supporting ministries like the Christian Revival Center.

Then Paul said we need to understand what the Lord wants us to do. All of these overlap each other. Everyone can do something. END

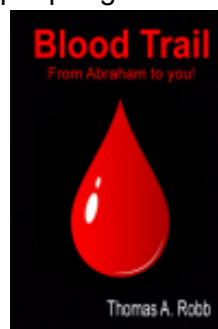

Do You Know Your Racial Identity?

We keep hearing on the news about growing Antisemitism - the hatred and persecution of the Jews. But the fact is there is no race **more protected** than the Jews. **Everyone**, but a small number of Muslim extremists loves the Jews.

It is white people who are the target of racial hatred! Anyone who expresses love for white people is labeled a hater, bigot, and racist. Those who say they are Anti-Racist are really just Anti-White because

Anti-Racist is a code word for Anti-White

The Satanic Rebellion is not trying to exterminate these fake Jews, but it DOES seek to exterminate the REAL Jews - the White Race! The ancestry of White people goes all the way back to ancient Israel. The Satanic Rebellion hates White People and it hates our Christian faith. Learn of your racial descent from ancient Israel.
