**M**y wife and I spent the evenings of July 15-18 watching TV. We watched **a lot** of TV. It was the Republican National Convention in Milwaukee. I like the idea that Donald Trump could very well become the next president of the United States. I have to admit I have always liked Trump. I liked him before his presidential candidacy, and before his TV show.

In fact about 1988 or 89, I saw an announcement that Trump would be interviewed on some TV network and I made it a point to watch because there was something about Trump I just liked. So when he announced he was running for president, I was immediately on the Trump train.

Now I am aware he has faults. And I am sure he has many. During the convention I heard from many speakers. There was Nikki Haley and Marco Rubio insuring the crowd that the republican party was united. I hope Trump is wise enough not to trust either of them. There was a mother who lost her son to Fentanel, another whose son survived Afghanistan only to be killed by thugs on the streets of New York. There was Hulk Hogan, Franklin Graham and Kid Rock rapping a song with the words, *"Fist up - Trump, Trump, Trump. Fist up - Trump, Trump, Trump."* At least that is what I think he was

# The Gospel of the KINGDOM

**W**e read in the New Testament that Jesus Christ proclaimed the Gospel of the Kingdom. We are told by Judeo-Christians that this Gospel of the Kingdom is the message of salvation, which if accepted by mankind, will allow them to go to heaven.

But is that really what it means?

The Gospel of the Kingdom was the focal point of Christ's ministry. And it is certainly the focal point of Christian churches today. However, do they really understand it?

Do you understand it?

This Gospel of the Kingdom is spoken of in the very first chapter of Luke.

*"Blessed be the Lord God of Israel, for he hath visited and redeemed his people. And hath raised up an horn of salvation for us in the house of His servant David; as he spake by the mouth of His Holy Prophets, which have been since the world began: That we should be saved from our enemies, and from the hand of all that hate us; To perform the mercy promised to our fathers and to remember His Holy Covenant, the oath which he sware to our fathers unto us, that we being delivered out of the hand of our enemies might serve Him without fear, in holiness and righteousness before Him all the days of our life."*

Most all churches will tell us that this Gospel of the Kingdom is to be taught to all mankind. And while there is an element of truth to this - it is not the whole truth. Certainly all creation will be blessed when the world is brought under divine rule and the Bible tells us that in that day the knowledge of the Lord will cover the earth as waters cover the sea.

We are usually told that Jesus came to save souls - to keep people from going to hell. I think that this is probably true, after all we read about Jesus being likened to the shepherd who goes out to find the lost sheep that went astray. And we know how Jesus healed the blind, the cripple and those with a broken heart. So I think it is clear that Jesus cares about people. People like you and me. But I really don't think THAT is the Gospel of the Kingdom!

The word kingdom is from the Greek word *basileia* and it means a realm, the seat of power. I think it should be easy to understand that it is a government. It is the seat of law - where the sovereign administers his power.

Basileia means government - that was the meaning when the New Testament was written. Today it primarily means a religious building of a specific architectural design and in Roman Catholicism it doesn't actually become a basilica until the Pope designates it as such.

The word Gospel means good news, and that is precisely what Jesus was proclaiming - the good news of HIS BACILICA. He was proclaiming the good news of His sovereignty over the Satanic rebellion.

## MISSION from page 1

saying. After all it was a rap song. And then there was a 99-year old man who said if his country needed him he would re-enlist again and storm what ever beach he was commanded.

Then there was Usha, the east Indian wife of J.D. Vance. In the old days during the caste system she would have been classified with the *untouchables*. Of course, she wouldn't even be here if the Democrats hadn't destroyed our immigration laws in 1965. Not only would she not have been here, but Vance would not have been tempted to destroy his genetic inheritance past down from one generation to another generation for thousands of years. And now he will never have children that look like him.

Any way, JD Vance boasted about being a Hillbilly, the fact is he got out of Hillbilly land as fast as he could and certainly didn't want a Hillbilly wife so he married one of those *untouchables* from India.

He said she's beautiful - but we all know better.

So even though I am an

enthusiastic supporter of Donald Trump I

am not naive.

I believe Donald Trump really does want to make America great again. But he can't - no matter how hard he or his supporters try - it can't happen!

It may happen in the short term. But in the long term it will fail.

So again, I hope you all are enthusiastically supporting Trump - but remember it is not just a Republic we want to preserve but the very existence of our people - Children of the Covenant given to Abraham.

So, yes, support Trump but keep your trust in the Lord.

I am sure you are familiar with the old saying, "You can't make a silk purse out of a sow's ear." It simply means you can't create a fine product

from inferior materials.

At the close of Trump's acceptance speech he said.

"Our American ancestors crossed the Delaware and survived the icy winter at Valley Forge and defeated a mighty empire to establish

our cherished republic, they fought so hard and lost so many they pushed thousands and thousands of miles across a dangerous frontier taming a wilderness to build a life and a magnificent home for their family, they packed their families into covered wagons and trekked across hazardous trails, scaled towering mountains and braved rivers and rapids, to stake their claim on the wide open, new and very beautiful frontier."

That was a great statement, however I think it went over the head of most people, not understanding that when Trump was praising "Our American ancestors," he was speaking of White People. It wasn't the ancestors of Tim Scott! It wasn't the ancestors of Vivik Ramaswamy and it wasn't the ancestors of Usha Vance.

It was OUR ancestor - the sons and daughters of Europe!

Certainly you know that you can't make a strawberry pie out of lettuce, you can't make a blueberry pie out of green beans and you can't make a great first world nation out of 3<sup>rd</sup> world people

In other words, "You can't make a silk purse out of a sow's ear."

You can try - and you can try really hard - but it can't happen. The whole history of the world proves this to be true.

What about those 3<sup>rd</sup> world people that come here and become citizens. Some of them like Vivex Ramaswamy sound like they want

# EDITORIAL BRIEFS

## Scratch the surface and What do you Get? More Surface!

Republican Rep. Claudia Tenney (NY) caught some blowback on social media for making what some believe were racist comments claiming Kamala Harris when chosen by Biden to his vice president was “*basically a diversity, equity and inclusion hire.*”

In the interview with Larry Kudlow, Tenney, also ridiculed her “*cackle.*”

“*He wanted to hire a black woman,*” Tenney said. “*But I think Trump needs to be careful here because I think we need to really focus on her record.*”

“*The bottom line to me, Larry, is she's uniformed and lazy,*” Tenney said. “*I think the best attack at her is going to go at her on substance, because she doesn't have any. You scratch the surface with her, and you get more surface.*”

## Search and Destroy

It was recently reported in *Reason Magazine* that after spending \$80 billion on the IRS's “search and destroy” mission of wealth tax “cheats” the government was able to net in only \$1 million dollars. This means the year-long campaign was successfully able to recover only enough lost revenue to fund the federal government for about an hour and a half - 90 minutes.

## Public Enemy #1

According to the Sacramento Bee, every time the Target store in Sacramento got “hit” by organized thieves walking off with thousands of dollars of merchandise a report was made to the police. Finally the police took action and notified the manager of the store he would be prosecuted for being a public nuisance if they didn't stop filing police reports.

## Dusty Old Relic

Arwa Mahdawi a reporter for the left-wing *Guardian Newspaper* recently stated who cares if Kamala Harris is of mix race and then takes the opportunity to slam white people by stating. “*Harris*

*is of mixed race, I am of mixed race. But Trump is a Dusty old relic.*”

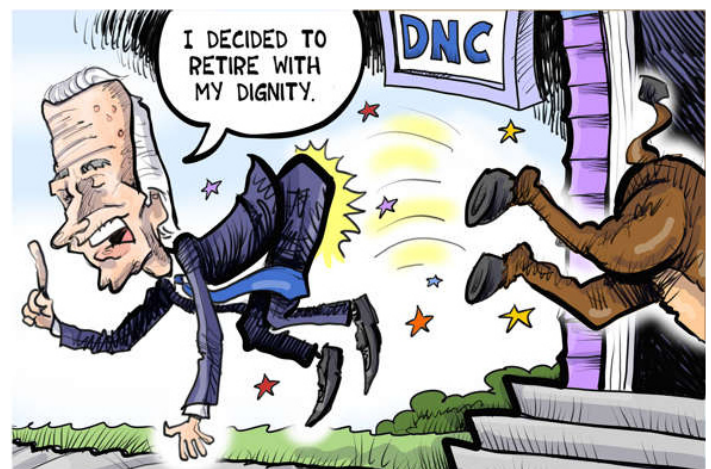

This reminded me of this 1988 cover of Toronto (Canada) magazine celebrating the end of whites in Canada. As you can see this white couple is depicted to be in a museum.

Today this “celebration” has become a sad reality. Non-whites have flooded Toronto (and Canada) to depressing levels. At the side it says “*Hail and farewell - Raise a glass (of Perrier) to the passing of the WASP.*”

I wonder how many preachers in Canada began warning their congregation of this planned white genocide. If you guessed ZERO you would probably be right.

Can you image the outcry if a magazine cover would celebrate the end of Black people or any other “people of color.”

However, take note: White people have a long history of conquest. When push comes to shove we will conquer this also. END

Dear Pastor Robb:

In regard to your contest of who is uglier Whoopie Goldberg or Joy Reid: I think Joy Reid is uglier because her propaganda is stronger. Whoopie Goldberg, I don't think anyone takes her seriously because she's just a morning talk show host that talks gossip. Joy Reid tries to be a serious news show host. They both look disgusting, but Joy Reid is worse.

Daniel C / AL

Dear Sir:

In your recent contest (August 2024) you asked us to vote for the ugliest thing in America, however you only gave us two options:

Goldberg and Reid. However I would like to suggest that Ayanna Pressley, the Democrat female representative from Massachusetts takes ugly to a whole

new level and should be awarded the Gold Medal in ugly.

Dear Pastor Robb:

I have been watching the church sermons on You Tube. Your sermons about the Pilgrims and the Bang Bang Sticks was really interesting. I liked the description of the Bang Bang sticks. I think you are right, that is exactly how the Indians would have described the Pilgrim's muskets.

I love The Torch, your sermons and your books. I also like the teachings of the late Sheldon Emry.

May the Lord continue to bless you and your family.

the same things we want. He seems to echo the same governmental constitutional policies we promote. The same can be said about all those non-whites you see on TV who support Donald Trump. They love Donald Trump, they hug Trump and sing his praises and tell how much they love America.

But here is how I compare it.

Look at this family photo. See the little girl looking at you.

I am sure she loves her mom and dad. I am sure she loves the nice house and clothes she has. I am sure she loves how her mom and dad take care of her. And I am sure she would give a glowing report of how wonderful they are. Likewise, just because you see some non-white telling you on the TV screen how much they love America, our freedoms and many Christian conservative principles does not mean, if in

charge, they could manage a first world nation any

more than this little girl, if put in charge has the ability to manage her family.

ALL history proves this assertion!

So the proposition I am making is that Donald Trump cannot make America great again, if the main ingredient to the greatness of America is removed. And

See MISSION page 8

## MISSION from page 7

the main ingredient for America's success are White People. That is certainly what John Jay, the first US Supreme Court Justice seems to be saying.

He was one of three authors of The Federalist Papers which were published to promote public support for the constitution.

His essay for Oct 31, 1787 says,

“With equal pleasure I have as often taken notice, that Providence has been pleased to give this one connected country, to one united people, a people descended from the same ancestors, speaking the same language, (and) professing the same religion.”

Usha, her family and millions of other nonwhite immigrants who invaded America over the past 50 years are now replacing the white settlers who built America. They might wave citizenship papers in the air, but it doesn't make them Americans. The whole history of America, from its first settlers in Jamestown and Plymouth is a history of white people.

Also, Usha is Hindu. J D Vance we are told is a Christian, but apparently, his Christianity doesn't mean much to him. Are we to believe that J. D. Vance and his Hindu wife, past lip service, really care about the Christian foundation of America?

However, the most destructive impact to our culture came when Democrat Senator Phillip Hart (MI) and Democrat Congressman Emmanuel Celler (NY) wrote a new immigration proposal that became law on Oct 3, 1965. No American was given the opportunity to vote against it.

The strength of America is grounded in its culture.

And its culture from the beginning was White and Christian.

Trump and Mega Republicans say they want to make America Great Again - but to make America **WHAT** it was - it has to **BE** what it was

Our founding fathers gave us a white Christian nation. That is what made America Great.

Let's look at this important verse because it reveals the shortcomings of the MEGA movement.

It was White Christian families that made America great!

1 Timothy 6:10 - For the love of money is the root of all evil

It seems like most of those who keep shouting **Make America Great Again** no longer care if their leaders are white or Christian As long as they support a good economy and get more money.

Several speakers at the Convention stated, it doesn't matter if you are black or white, rich or poor, gay or straight - We are all Americans, and we all want the same thing. We all want to lower inflation, better jobs, and a larger pay check.

We do have to be aware that many are becoming angry with the flood of migrants, which is a good thing. We will have to see where that leads. However, most people seem to be angry about the migrants only because of how it will hurt the economy, not how it will replace white Christian Americans in our own homeland. So they will parrot the *“I love immigrants but they have to come in the legal way.”*

The “legal way” which was signed into law in 1965 is what is turning us into a non-white 3<sup>rd</sup> world nation. In 1965 we were 92% white - today we are hovering at

See MISSION page 9

## MISSION from page 8

around 60% - and this transformation came about legally. And consider many of the 60%, like J. D. Vance have been culturally corrupted and have betrayed the genetics of a thousand generations. White American - those ancestors Donald Trump speaks about in his speeches will become an absolute minority within the lifetime of your children. What THEN will your children do?

It seems like MAGA cares more about what is in their bank account than what is in their sons or daughters bedroom.

**But I am still an enthusiastic supporter of Donald Trump. Why?**

I am well aware he is not a racial nationalist but he, unlike the Communist Democrats, is a civic nationalist. **This is important!** We have witnessed the crushing boot that the Democrats would put on our face as told by George Orwell in his book *1984*. If they would achieve absolute

power, they would exterminate their opposition the same way as the Bolsheviks dragged, land owners, business owners and the clergy into the streets during the 1917 Bolshevik Revolution in Russia. I know some may say this would cause a revolt among white people (Civil War). To those I say, *"Good luck with your deer rifle against a cruise missile dropping on your front porch!"*

I hope you are alarmed!

Americans need to face this danger of hell before they will ever repent and learn to once again love their God and Love their people. A government based on the civic nationalism of Donald Trump would still allow us the freedoms and the constitutional protections to evangelize White Christian Revival, without government oppression.

And THAT is the mission He gave us.

*"For when thy judgments are in the land, the inhabitants of the earth will learn righteousness." Isa 26:9*

The very last mission given to be proclaimed in the "last days" is recorded in Malachi 4:2-6

*"But unto you that fear my name shall the Sun of righteousness arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall. 3 And ye shall tread down the wicked; for they shall be ashes under the soles of your feet in the day that I shall do this, saith the LORD of hosts . . . 5 Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the LORD: 6 And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers."*

You and I live in a period of time when we are both the "fathers" as well as the "children" mentioned in this passage.

Our mission is to reach out to our people, the "children" and show them how to love their forefathers, all those ancestors Trump often talks about in his campaign speeches. Our forefathers are being demonized as being nasty white racists. We need to love them and embrace their teaching and be proud of our White Christian heritage. This is what it means to turn "the heart of the children to their fathers."

This passage is telling us that not only are we the children of our forefathers, but we are also the fathers of the children. We are to care about our people, our children and what will become of them when we are no longer in this world. This is what it means to "turn the heart of the fathers to the

Has God Removed His blessings from America

It certainly seems so. We hear of inflation, illegal aliens, anti-white Critical Race Theory (CRT), weakened economy and the confusion some have in determining how to tell the difference between a boy and a girl.

We are told that these are the problems Americans face.

But these are not the problems!

They are the curses we face for turning against God.

Easy Math

Some say there are only 15 million (only!) illegal migrants in America. But others say there are as many as 30 million illegal migrants.

The US has a population of 332 million.

If there are 15 million migrants that would mean one out of every 22 people you see on the streets are here illegally.

If the newer figures are accurate that would mean one out of every 11 people you see on the streets are here illegally.

Welcome Migrants!

Welcome to America!

The 3rd World invasion!

America is being invaded!

And America is changing. The change is not good, and the children.

If you think we are having trouble with these "minorities" now just wait until these "minorities" become the majority! What will your children do?

THAT is why we need Jesus!

## 100 for only \$25

We need these tracts distributed by the thousands throughout the country. There are many people being sucked up into the **One World Church**. The One World Church has hijacked our very best nature - a nature of compassion - and have twisted it to take us to a very dark place that ends up in White Genocide. The One World Church is guilty of making evil "good" and good "evil."

These tracts can be left on counter tops, in stores, or rest rooms. They are small and can be easily distributed without attracting attention to your self. You can also simply mail a few out each week. You can order 50 of each for the same price.

The price includes postage, but if you are able to send a couple extra dollars to help on postage that would be helpful. The tract offers a free DVD to those who wish more information. Your title and contribution to the Church will help toward the production and mailing of these DVDs.

## KINGDOM from page 2

We read about the rebellion in Isaiah 14 in which Satan proclaims he “will be like the most High!”

This statement began the conflict between good and evil, which certainly entails the issues the surround us today. There is a rebellion against God’s authority. We are usually told that Satan wants to be worshiped - just like God! But that is not entirely true. It isn’t worship that motivates the rebellion - but obedience - even if it’s *forced* obedience.

The Bible is clear, “*Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey,*” Romans 6:16. In other words, a person can claim to worship Jesus Christ, but if they are obeying the dictates of the rebellion, then in reality they are a servant of the rebellion.

The words of worship a person speaks mean little. Christ himself stated of the Pharisees, “*In vain do they worship me.*”

That is clear! A person can actually worship Jesus Christ and still be a servant of Satan. Satan doesn’t care who you worship - **he wants your obedience**, that has been the constant agenda of the Satanic rebellion. The Luciferian conspiracy is to become the LAW GIVER!

The GOOD NEWS! is that, at Calvary, Jesus Christ defeated the rebellion! And not to shock you over the edge, but this is the full meaning of John 3:16.

*“For God so loved the world that He gave His only begotten son that whosoever believeth on Him shall not perish but have everlasting life”*

Jesus Christ loves His people and I believe that is quite clear and with His blood He purchased their redemption. But that in itself is not the whole of the Gospel of the Kingdom. There is something else going on here. John 3:16 says, “For God so love the WORLD . . .” The word world here is from the Greek word *Kosmos* and it means - the orderly arrangement of things. In other words God loved His whole creation and the perfect order in which He set it in motion. But it became corrupted by the Satan rebellion.

The Apostle Paul says in Ephesians 6, “*We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of darkness of this world, against spiritual wickedness in high places.*” These “*rulers of darkness*” is the Satanic rebellion and it has affected every segment of our society. It has affected our schools, our entertainment, our politics,

our national, state and local governments. It has affected our media, it has affected our homes and it has affected our churches. There is not a single institution where this rebellion does not yield its influence. This spiritual wickedness not only dwells in low place but obviously in “high places” as well. And its influence has changed the world and the laws by which the world is governed.

This is the world that is now upon us. Christ tells us that in the midst of all this corruption there are two things that we will witness in the “last days” of the rebellion. It will be as it was in the days of Noah and it will be as it was in the days of Lot!

What was it about these two periods of time that we will see once again? In the days of Noah there was the wide spread practice of and the wide spread acceptance of race mixing.

The Bible tells us that the sons of God saw the daughters of men that they were fair. People can argue and debate about exactly who the sons of God and the daughters of men were, but it doesn’t really matter. The fact is that unlawful marriages were taking place. The Scriptures tell us that Noah was a righteous man and while there is no doubt that this was the case, we are also told he was “perfect in his generations.” The word generations used here is from the Hebrew word *towldah* and means his family genealogy was pure and undefiled.

And as for the “days of Lot” it is all too clear that this was wide spread practice and wide spread acceptance of sodomy.

I detail this much more in my book, *The Last Church*.

The Gospel of the Kingdom is the good news that the rebellion has been conquered. The blood of Jesus Christ not only delivered our lives from death but it delivered the entire universe from death as well. **END**
